

SUPPORTING PRIMARY EDUCATION

By the end of the workshop carers and adoptive parents will have an improved understanding of:

- The Primary National Curriculum for English and Mathematics
- The creative curriculum- making learning fun!
- How to support your young person effectively at home
- Useful websites to support learning for primary school children
- How phonics is taught in school
- Why children may fall behind with phonics
- How carers can support children when reading
- Using play to support learning and extend vocabulary
- Receive a **FREE** learning and resource pack on Phonics including sound mats
