

Communication and Language

We will be learning to develop our understanding, listening and attention skills through stories and rhymes. We will be beginning to work in small groups with an adult and respond to the instructions given.

Nursery Autumn 2025

Expressive Arts and Design

We will be learning to explore and use media and materials as well as being imaginative by creating self portraits, exploring the home corner, small world areas and by singing nursery rhymes and songs.

Personal, Social and Emotional Development

We will be learning to make positive new relationships with others by talking about ourselves and our community around us. We shall be learning to select resources independently in nursery by taking turns and sharing with our friends.

Mathematics

We will be learning to recite numbers in order through songs and rhymes and develop our understanding of how many objects are in a group. We will be exploring shapes and making arrangements with objects.

Understanding the World

We will be learning about people and communities and talking about special family events and celebrations. We will be talking about the world around us and about why things happen and how things work. We will be exploring and discovering using all of our senses in the Forest school area.

Literacy

We shall be learning to listen and join in with repeated refrains and anticipate what happens next in stories. We shall be exploring mark making and give meaning to our writing and drawing.

Physical Development

We shall be learning to move in a range of ways and develop our pencil and scissor control through a variety of fine motor activities. We will talk about the effect of exercise on our bodies and practise handling equipment and tools safely.
